Daniel B. Kim
Vice President - Associate General Counsel and Secretary

FORTIVE CORPORATION AND SUBSIDIARIES
SUPPLEMENTAL SEGMENT INFORMATION

On October 9, 2020, Fortive Corporation (“Fortive” or the “Company”) completed the separation (the “Separation”) of its Industrial Technologies segment through the spin-off of Vontier Corporation (“Vontier”), as effectuated through the distribution of 80.1% of the outstanding shares of Vontier common stock as a dividend to Fortive shareholders as of September 25, 2020, with Fortive retaining 19.9% of the outstanding Vontier common stock immediately following the Separation.

In light of the Separation, Fortive changed its internal reporting structure on the first day of the fourth quarter, September 26, 2020, to reflect organizational and leadership changes that allow the Company to better assess the operational performance of and allocate resources to its businesses. Fortive’s chief operating decision maker assesses performance and allocates resources based on its new operating segments, which are also its new reportable segments. Below is a description of Fortive’s new reportable segments:

Reportable Segment	Operating Company
Intelligent Operating Solutions	Fluke
	Industrial Scientific, including Intelix
	Accruent
	Gordian
Precision Technologies	Tektronix
	Pacific Scientific Energetic Materials Company
	Qualitrol
	Andersen-Negele
	Gems
	Setra
Advanced Healthcare Solutions	Hengstler and Dynapar
	Advanced Sterilization Products
	Fluke Health Solutions
	Censis
	Invetech

The Company will begin reporting its results under its new reportable segments and reporting Vontier as discontinued operations beginning with the Annual Report on Form 10-K for the year ending December 31, 2020.

Fortive is providing the below unaudited supplemental financial data of the Company for the fiscal years ended December 31, 2018 and December 31, 2019 and the fiscal quarters ended March 29, 2019, June 28, 2019, September 27, 2019, December 31, 2019, March 27, 2020, June 26, 2020, and September 25, 2020 to assist investors in assessing Fortive’s historical performance on the basis of the Company’s new reportable segments. Results for Total Fortive in the unaudited supplemental financial data set forth herein are based on continuing operations only.

FORTIVE CORPORATION AND SUBSIDIARIES
RECONCILIATION OF GAAP TO NON-GAAP FINANCIAL MEASURES
AND OTHER INFORMATION

Adjusted Operating Profit and Adjusted Operating Profit Margin

We disclose the non-GAAP measures of historical adjusted operating profit and historical adjusted operating profit margin which, to the extent applicable, make the following adjustments to corresponding GAAP operating profit and GAAP operating profit margin:

- Excluding on a pretax basis amortization of acquisition-related intangible assets;
- Excluding on a pretax basis acquisition and other transaction costs deemed significant (“Transaction Costs”);
- Excluding on a pretax basis the effect of deferred revenue and inventory fair value adjustments related to significant acquisitions; and
- Excluding on a pretax basis discrete restructuring charges

Acquisition and Divestiture Related Items

While we have a history of acquisition and divestiture activity, we do not acquire and divest of businesses and assets on a predictable cycle. The amount of an acquisition’s purchase price allocated to intangible assets and related amortization term and the deferred revenue and inventory fair value adjustments are unique to each acquisition and can vary significantly from acquisition to acquisition. In addition, the Transaction Costs and non-recurring gain on disposition of assets are unique to each transaction, are impacted from period to period depending on the number of acquisitions or divestitures evaluated, pending or completed during such period, and the complexity of such transactions. We adjust for, and identify as significant, Transaction Costs, acquisition related fair value adjustments to deferred revenue and inventory, and corresponding restructuring charges primarily related to acquisitions, in each case, incurred in a given period, if we determine that such costs and adjustments exceed the range of our typical transaction costs and adjustments, respectively, in a given period. We believe, however, that it is important for investors to understand that such intangible assets contribute to revenue generation and that intangible assets and deferred revenue and inventory fair value adjustments related to past acquisitions will recur in future periods until such intangible assets and deferred revenue and inventory fair value adjustments, as applicable, have been fully amortized.

Discrete Restructuring Costs

We exclude costs incurred pursuant to discrete restructuring plans that are fundamentally different (in terms of the size, strategic nature and planning requirements, as well as the inconsistent frequency, of such plans) from the ongoing productivity improvements that result from application of the Fortive Business System. Because these restructuring plans are incremental to the fundamental activities that arise in the ordinary course of our business and we believe are not indicative of our ongoing operating costs in a given period, we exclude these costs to facilitate a more consistent comparison of operating results over time.

Management believes that these non-GAAP financial measures provide useful information to investors by reflecting additional ways of viewing aspects of our operations that, when reconciled to the corresponding GAAP measure, help our investors to understand the long-term profitability trends of our business, and facilitate comparisons of our operational performance and profitability to prior and future periods and to our peers.

These non-GAAP measures should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP measures, and may not be comparable to similarly titled measures reported by other companies.
